

# Ricordi Isolator Tubing Set

## Model No. RI3-TUBSET

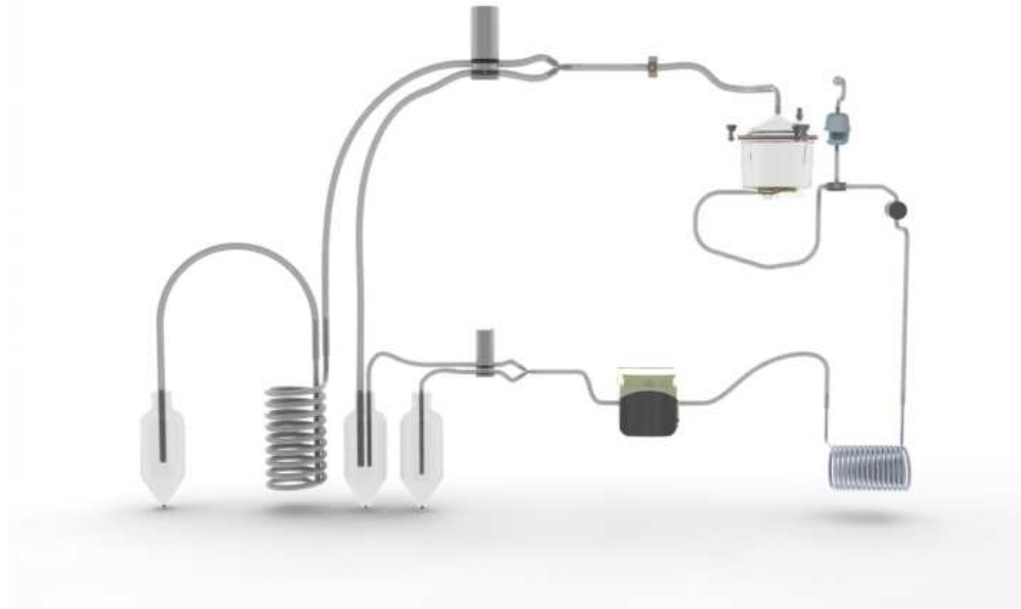

Pressure transducer

Cooling Coil

Heating Coil

The Ricordi Isolator Tubing Set was specifically designed for use with the Ricordi Islet Isolator. Using a pre-assembled tubing set saves experiment set-up time and ensures consistency.

- Includes a heating and a cooling coil.
- Optimal tubing lengths minimizes enzyme volume required
- Individually packed and sterile

\* Ricordi Chamber is not included
